OSOT Advocacy Updates: Ensuring Our OT Voice is Heard!

PRESENTED BY: OSOT Executive Director, Christie Brenchley

Join in a **COMPLIMENTARY** Linked-in Lunchbreak with colleagues across the province. Christie will provide an introduction to OSOT's Advocacy Strategy 2014 - 2015 and an update on key policy issues that have potential to influence OT practice in Ontario such as; the Special Needs Strategy, Home & Community Care Review, Ontario's Seniors Strategy, Auto Insurance Sector updates, directions of Ontario's Mental Health & Addictions Strategy, access to OT services in Long-Term Care Homes, etc.

We're all best able to be proactive in positioning our services when we know what is driving change in our health system context. Take an hour to gain a big picture perspective on OT in Ontario's constantly evolving health care system. We think you'll be inspired by some of the opportunities!
