

14TH BI-ANNUAL SUPERIOR SEATING & MOBILITY CONFERENCE

2 DAY WORKSHOP:

The Seating Process: Moving Theory to Practice

**A HANDS-ON APPROACH TO THE STAGES OF CLINICAL
EVALUATION FOR SEATING AND MOBILITY INTERVENTIONS**

VICTORIA INN: 555 ARTHUR ST WEST, THUNDER BAY, ON

BRIEF DESCRIPTION OF WORKSHOP:

This workshop will introduce therapists to a clinical practice framework that will allow for the universal application of seating and mobility best practices in the context of everyday clinical realities. Practical skills for assessment, equipment trials, and fitting across the continuum of care will be the primary focus of this workshop. This workshop is applicable to those working in pediatrics, acute care, rehabilitation, community settings and long term care.

Case studies will be utilized to demonstrate the universal applicability of this 3-component clinical practice framework for a variety of clinical presentations.

THURSDAY, NOVEMBER 28

FREE

Tradeshow: 5:00pm - 9:00pm

Open to the public and end users.

Keynote Address: 5:30pm - 6:30pm

Everyone welcome. Presented by Dr. Mushquash.

Education Session: 7:00pm - 8:00pm

Benefits and advances in pressure mapping.
Presented by Ron Kisil of Vista Medical.

FRIDAY, NOVEMBER 29

Registration: 8:00am - 8:30am

Session 1: 8:30am - 10:00am

This session will introduce the Hierarchy of Seating Needs and start to make links to the Universal Seating Process.

Break & Tradeshow: 10:00am - 11:00am

Session 2: 11:00am - 12:00pm

This session will delve into more detail of the Hierarchy of Seating Needs. This session will also use the Universal Seating Process to detail interim and permanent seating streams.

Lunch & Tradeshow: 12:00pm - 2:00pm

Session 3: 2:00pm - 4:00pm

This session will use information from the seating screen and clinical assessment and link this data to the Hierarchy of Seating Needs and the Universal Seating Process. This session will introduce the Practical Interpretive Tool or AOMSS and how it can be used to interpret a seating screen.

Tradeshow: 4:00pm - 5:00pm

SATURDAY, NOVEMBER 30

Session 1: 9:00am - 10:30am

This session will go into more detail of the Practical Interpretive Tool or AOMSS.

Break & Tradeshow: 10:30am - 11:00am

Session 2: 11:00am - 12:30pm

This session continues to demonstrate how AOMSS informs equipment trials, prescription, and or the fitting process steps.

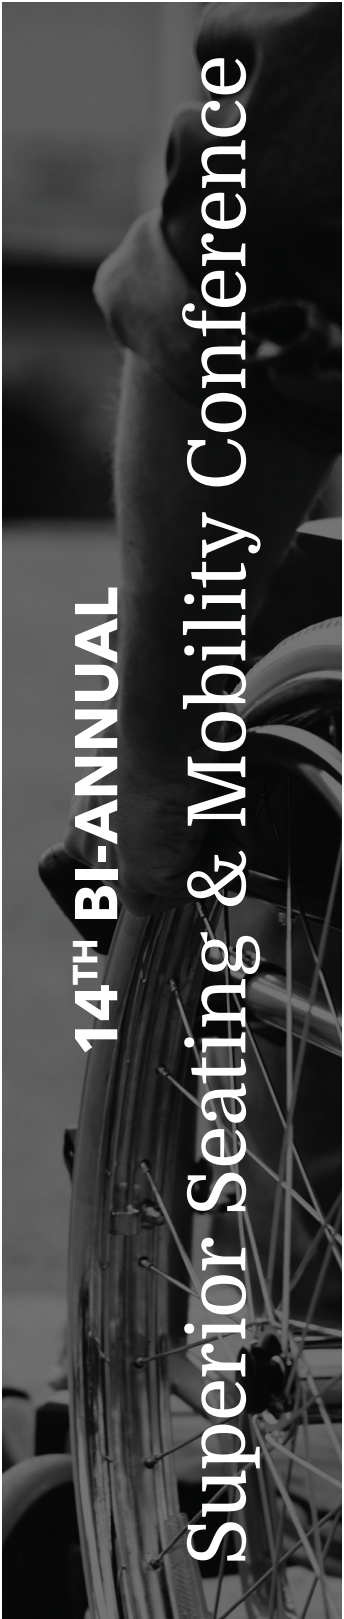

Lunch & Tradeshow: 12:30pm - 2:00pm

Session 3: 2:00pm - 3:30pm

The final session will use case studies to apply the Hierarchy of Seating Needs, the Universal Seating Process, and AOMSS.

The participants will return to the clinic with practical tools and strategies to improve outcomes of their seating and mobility interventions.

REGISTRATION FORM
