OSOT Seating and Mobility Team Update: Supporting Your Practice

Presented by:

Brenlee Mogul-Rotman OT Reg. (Ont.), ATP/SMS

See Brenlee and the OSOT's Seating & Mobility Team engage participants to:

- Review membership responses to the 2016 OSOT Seating and Mobility survey
 - What issues are identified
 - What trends are we observing
 - What needs were identified by members
- Become familiar with resources & strategies to support OTs working in seating and mobility
- Learn about OSOT's *NEW* Seating and Mobility Community of Practice designed to enrich your practice support network and networking experience

Target Audience:

- Occupational therapists currently working in seating and mobility or considering this area of practice
- therapists of any level of experience.

About our presenter:

Brenlee Mogul-Rotman is an Occupational Therapist and ATP/SMS and is currently the National Clinical Education Manager for Permobil Canada. Brenlee has a background in clinical work and has owned a private practice in Toronto for many years. She has experience with a variety of clinical populations and has worked in the past with various groups in product trials and clinical outcomes. She is a member of the OSOT Seating and Mobility Team and a member of the Board of Directors of the Canadian Spinal Research Organization.

Members of OSOT's Seating and Mobility Team will be present as resources to the webinar. We're pleased to introduce **Marlene Adams**, Team Chair and **Deborah Cox**. Brenlee, Marlene and Deborah have extensive experience in seating and mobility practice and share a passion for promoting, supporting and enabling best practice in this area among Ontario Occupational Therapists.

We hope you enjoy this programming!
