Occupational Therapists

**OSOT RESEARCH FUND  
RESEARCH GRANTS PROGRAM**

**Strategic Priorities Research Grant**

**2019**

## ONTARIO SOCIETY OF OCCUPATIONAL THERAPISTS RESEARCH FUND

### Strategic Priorities Research Grant Application Guidelines

#### 1. PURPOSE

To encourage and contribute to the growth of clinical research in occupational therapy that supports the positioning and evolution of practice in Ontario and addresses policy and practice priorities and the economic impact of these practices in Ontario.

#### 2. DESCRIPTION

The OSOTRF Strategic Priorities Research Grant is an annual grant of up to \$10,000 (2018/19). The grant period shall be September 1 to August 31, annually. Each year the OSOT Board of Directors will establish strategic priorities that will frame criteria for grant approvals. These priorities will reflect policy and practice priorities that influence the delivery of occupational therapy services in Ontario and are intended to encourage research proposals that examine occupational therapy in relation to these priorities.

##### 2.1 Eligible projects could include but are not limited to:

- evaluation of a clinical intervention
- survey of practice in an area relevant to a strategic priority
- analysis of existing clinical data
- program evaluation
- case studies

##### 2.2 Strategic Priorities for 2018 - 2019 Application Year

Priority will be given to projects that seek to provide evidence of the value of occupational therapy to clients, families/caregivers, and the health care system particularly as this relates to supporting people's health and well-being in their community, avoidance of hospital admissions or successful transitions from hospital to community. Merit will be offered to projects with a focus on patient outcomes and system performance.

Researchers are asked to demonstrate in their proposal how their work might be leveraged to have the largest impact possible.

#### 3. FUNDING STRUCTURE

Applicants may apply for funding up to a total of \$10,000. The OSOT Research Fund Advisory Committee reserves the right to award less than the total requested amount.

#### 4. ELIGIBILITY

##### 4.1 The applicant/principal investigator must be;

- a member of OSOT for at least 6 months prior to application

- a COTO registrant in good standing
- a permanent resident of Ontario

4.2 Recipients of an OSOTRF Research Grant are eligible to re-apply in subsequent years, however, generally the OSOTRF will not fund any one researcher more than once every three years.

## **5. GENERAL POLICIES**

- 5.1. OSOTRF has limited funds available for grants and cannot fund every worthy application it receives. Consequently, OSOTRF strives to ensure that its grants are awarded as equitably as possible for the benefit of the maximum number of people.
- 5.2. OSOTRF recognizes that individuals applying for research grants may apply to other funding sources for the same activity or project. If received, this funding may be complementary to OSOTRF grant funds or it may overlap. OSOTRF reserves the right to proceed with or withdraw funding based on the perceived overlap with funding from other sources.
- 5.3. OSOTRF recognizes that some investigators may make applications for more than one project to be funded by the OSOTRF. OSOTRF reserves the right to determine that individuals shall receive no more than one OSOTRF award per calendar year. Each project is only eligible for funding from one of the OSOTRF Grants – applicants must select which Grant they wish their project to be considered for.
- 5.4 Where possible, the principal investigator should identify an institution willing to administer funds (see Application). If the principal investigator does not have an institutional affiliation, OSOTRF will issue a T4A to the individual receiving the grant. The investigator must include this amount as income when filing a tax return for the year the grant is awarded. Expenses associated with the grant may be deducted to offset the income.
- 5.5 Indirect costs (overhead) are not eligible to be covered by OSOTRF Funding. This would include costs related to supporting the research environment (libraries, computer networks, utilities, etc.), research and financial administrative support or human resource management.
- 5.6 Principal investigators may not draw a salary from the grant.
- 5.7 All investigators must appear on the application.
- 5.8 When the project is a thesis, the thesis supervisor must appear as the principle investigator on the grant and be a member in good standing.
- 5.9 Funds unexpended or unallocated for at the end of the project must be returned to the OSOTRF.
- 5.10 Funds not spent within one year following the receipt of the grant may be carried into the following year upon written permission from the OSOTRF Advisory Team.

## **6. GUIDELINES FOR FUNDING RESEARCH**

- 6.1 Applicants for research funds must state the relevance of the proposed research to the practice of occupational therapy in Ontario as well as demonstrate competence to successfully complete the project.
- 6.2 Projects must focus on occupational therapy practice or policy affecting OT practice in Ontario and address a strategic priority identified by the Society. (see list of strategic priorities 2.2 above)
- 6.3 Applications will be rated on the clarity of purpose, relevance to promoting occupational therapy practice, appropriateness of the method, budget, feasibility of the time frame and other supporting documentation.
- 6.4 Projects must be innovative, progressive, original and scientifically sound.
- 6.5. OSOTRF values research which demonstrates a multi-disciplinary approach and consumer participation.
- 6.6. Projects must be conducted in an Ontario setting.
- 6.7 Only quality projects will be funded by the OSOTRF. OSOT and the OSOTRF Review Committee reserve the right to not award funding if applications submitted do not meet or surpass a threshold of 16/20 (or 80%) when reviewed according to the prescribed evaluation criteria. In such a situation, a third party reviewer will be sought to review all applications to ensure that a grade below the threshold is truly reflective of the application's merit and not variability of reviewers.

## **7. DOCUMENTATION**

An application for an OSOTRF Strategic Priorities Research Grant shall include;

- 7.1 Completed and signed application form clearly indicating which grant the applicant is applying for – see OSOTRF Strategic Priorities Research Grant Application Form.
- 7.2. Curriculum vitae of principal and co-investigators, limited to 3 pages, providing educational qualifications, work experience for the previous 5 years, research experience, previous or current research funding, recent publications (last 5 years), and relevant presentations.
- 7.3 Letter(s) of support from any individuals and/or organization whose cooperation is essential to the proposed research activity.
- 7.4 A complete proposal not in excess of 4 single-spaced typed pages (excluding references and necessary appendices). The proposal must address the following:
  - 1. purpose/objectives of the research
  - 2. relevance to OT practice and profession's evidence base
  - 3. relationship to OSOT identified strategic priority(ies)
  - 4. methods
  - 5. budget
  - 6. time frame for the proposed study

7. plan for dissemination of information
8. identification of any overlap with other known projects or grant applications
9. pertinent references and/or appendices

7.5 200 word abstract written in plain language summarizing the purpose and methodology of the proposed research. Abstract must be suitable for public dissemination.

7.6 Certificate of ethical approval if human subjects are involved (e.g. through interviews). NOTE: The certificate need not accompany the application, but it must be submitted before funding can be released.

## **8. RESPONSIBILITIES**

8.1 Acceptance of the grant by the applicant will be considered as a contract binding him/her to complete the research/project, as described, in the allotted time.

8.2 To facilitate ongoing support and communication, researchers are requested to submit quarterly progress reports on the project. Specifically, reports will be anticipated on the following dates:

- December 1, 2019
- March 1, 2020
- June 1, 2020
- September 1, 2020

8.3 OSOTRF must be informed in writing of any proposed changes to the procedure and/or the budget outlined in the approved application before such changes are undertaken.

8.4 The principal investigator must submit a final report that relays how the OSOTRF Strategic Priorities Research Grant contributed to their research work and a brief synopsis of the outcome of this work. This report which should be submitted in Executive Summary format must be received by March 31st of the year following the grant period.

8.5 At the completion of the grant period, the principal investigator must ensure that the sponsoring institution, if any, provides a financial account and that this account is forwarded to OSOTRF. When no sponsoring institution is involved, the principal investigator is responsible for providing the financial account.

8.6 To support knowledge translation, promotion of research findings and application of findings to OT practice in Ontario, the principal investigator will commit to participate in the following activities further to project completion:

- Preparation of a 1 page consumer friendly summary of research findings and implications of findings for OT practice to be posted to the OSOT website.
- Presentation to the OSOT Board of Directors and Strategic Advocacy Team identifying impacts and implications of research findings for the profession, for advocacy and promotion, and for future research needs.
- Participation in an OSOT knowledge translation activity such as a webinar, Conference workshop or poster (to be determined in consultation with investigator and OSOT) to support members' awareness and integration of new knowledge as appropriate.

- Presentation or powerpoint provided to the OSOT Board of Directors and Strategic Advocacy Team identifying impacts and implications of research findings for the profession, for advocacy and promotion, or future research

8.7 All abstracts and/or reprints of any presentations/publications based on the funded work must be forwarded to OSOTRF for public relations purposes.

8.8 Any publications, reports or presentations based on the research project must acknowledge the financial support of OSOTRF.

## **9. TIMELINES & DEADLINES**

9.1 The OSOT Board of Directors will define the strategic priorities for the Strategic Priorities Research Grant by December of each year to inform the annual call for applications.

9.2 The deadline for application submission is May 1, 2019. Incomplete applications will be returned and included in a particular competition only if received by the competition deadline.

9.3 The review process will take a minimum of six weeks. Notifications will take place by June 28, 2019.

9.4 Successful applicants will be announced at the OSOT Annual General Meeting held in the fall of each year.

9.5 OSOT's fall Member Email Updates and website will include:

- A short profile of the researcher and the project, in the year the grant is awarded
- A brief summary of the research and the results in the year after the research is completed

9.6 Invitations to submit proposals will be issued and publicized by OSOT in January to April each year in addition to being posted permanently on the OSOT website.

## **10. APPLICATION PROCEDURES**

10.1 An electronic copy of the proposal and all supporting materials must be submitted to the OSOT Research Fund at [osot@osot.on.ca](mailto:osot@osot.on.ca). An email acknowledging receipt of the proposal will be sent to the applicant.

10.2 All proposals will be subject to a review process, undertaken by three reviewers selected to participate in the 2019 OSOTRF Applications Review Process by the OSOT Board of Directors.

10.3 Review will be structured on the basis of the attached form, Criteria for Review of Application for OSOTRF Strategic Priorities Research Grant (see page 6).

10.4 Applicants will be notified in writing of the results of the competition after ratification of the committee's recommendations by the Board of OSOT.

10.5 A cheque will be issued by the Canadian Occupational Therapy Foundation to the successful applicant upon receipt of the researcher's direction for payment (see General Policy 5.4). COTF administers the OSOT Research Fund.

10.6 The grant period is September 1 to August 31, annually.

## Criteria for Review of Application for OSOTRF Strategic Priorities Research Grant

Criteria	Possible Score	Criteria to Consider
<b>Quality of Proposal</b>		
Clearly stated objectives	2	Is the intent of the project clear?
Strong rationale provided	2	Does background/literature review demonstrate strong knowledge of the subject area? Is the proposed method suitable given the current state of knowledge?
Research methods well articulated	3	Are the methods clear? Is it clear how the methods will address the research objectives?
Budget	1	Are budgetary needs clear? Have all relevant areas been addressed? Does the request seem reasonable in all areas?
Feasibility	2	Do the project goals appear reasonable within the stated timeframe? If study involves collection of empirical data, does it appear likely that a sufficient number of participants will be available? Are the resources requested adequate to ensure successful completion?
<b>Proposal Quality Sub-total</b>	<b>10</b>	
<b>Quality of Applicant</b>		
Research experience	2	Is the scope of the project a match with applicant research skills? If the applicant is a novice researcher, are adequate supports available or written in to the proposal?
Institutional support	1	Is there indication of support from any groups or institutions that would supply participants or other resources for the study?
Overall strength of applicant	2	Consider the strength of the resume
<b>Applicant Score Sub-total</b>	<b>5</b>	

<b>Relevance to OT Practice</b>		
Relevance	3	Does the project address a strategic priority identified by the Board of Directors?
Potential to impact strategic priorities provincially	2	Do dissemination methods outlined suggest that results will have a major impact on OT practice and/or health system change?
<b>Relevance Sub-score</b>	<b>5</b>	
<b>Total Score for Proposal</b>	<b>20</b>

## OSOTRF GRANT APPLICATION CHECKLIST

### I HAVE ATTACHED:

- A completed and signed OSOT Research Fund Grant Application Form
- The grant for which I am applying is checked. Each project may be submitted in application for only one grant.
- A completed proposal and all related supporting materials (See Application Documentation guidelines, Section 7.)
- The curriculum vitae of the primary applicant
- Letter(s) of support from individuals and/or organizations whose cooperation is essential to the proposed project
- 200 word abstract

All materials should be forwarded to [osot@osot.on.ca](mailto:osot@osot.on.ca) in a PDF format.

Ensure that project and applicant name are clearly identified in the file name of each document.
