

Gaining 2SLGBTQ Cultural & Clinical Competencies | Presenter Bios

Tanya Neumeyer (they/them) is an Education and Training Specialist in 2SLGBTQ Health at Rainbow Health Ontario. Tanya designs and delivers trainings on 2SLGBTQ health and well-being across the province. They bring an inter-disciplinary background, an equity approach, and lived experience to this work. Tanya loves continuing to learn and unlearn as they facilitate learning spaces.

Juan Sebastian Ortiz (he/him; il) develops and facilitates trainings on 2SLGBTQ cultural and clinical competencies for health and social service providers in Ontario. He is fluent in French, Spanish, and English, and brings over 6 years of experience developing and delivering anti-oppression trainings, as well as experience in clinical research with at-risk populations. Juan has worked directly with various organizations to help increase their 2LGBTQ cultural competencies, improve recruitment practices, and review internal policies. Finally, as a transgender Latin immigrant, he brings a unique and nuanced understanding of the health needs and barriers for queer, gender-non-conforming, racialized and immigrant service users in Ontario.
