Virtual Conference Sponsor and Exhibitor Opportunities

October 25, 2024

About the Ontario Society of Occupational Therapists (OSOT)

The Ontario Society of Occupational Therapists (OSOT) is the provincial professional association of occupational therapists (OTs), student occupational therapists - and as of 2024 - occupational therapist assistants (OTAs) and student occupational therapist assistants living and/or working in Ontario. Over 4,600 members strong and growing, OSOT plays an important role in shaping the practice of occupational therapy and sharing the voice of our members with the public, government, and industry partners.

2024 OSOT Conference - You're Invited!

Each year, OSOT alternates between hosting an in-person and virtual conference. A virtual conference makes attending more accessible to our members and colleagues across the country. We are excited to host this year's conference virtually on **October 25, 2024**. The conference will be hosted on [PheedLoop](#), a virtual conference platform.

Virtual exhibit booths will be available where you can share a company description, video, downloadable materials, contact details, and social media links. Visit page four for more details.

There are **several sponsorship opportunities** to choose from and **ways to engage with delegates**. Visit pages two and three for more details. Have another idea on how to get involved? [Let us know](#).

We look forward to welcoming you to engage with occupational therapists and occupational therapist assistants and contribute to their learning. Stay tuned for the **release of our full program in July**.
